## DETAILED ACTION

### Summary

On May 5, 2005, an Office Action was mailed to the Applicants rejecting claims 1-12. On May 19, 2005, the Applicant responded by amending claims 1, 6-9, and 11.

### ***Claim Rejections - 35 USC § 103***

The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

The factual inquiries set forth in *Graham v. John Deere Co.*, 383 U.S. 1, 148 USPQ 459 (1966), that are applied for establishing a background for determining obviousness under 35 U.S.C. 103(a) are summarized as follows:

1. Determining the scope and contents of the prior art.
2. Ascertaining the differences between the prior art and the claims at issue.
3. Resolving the level of ordinary skill in the pertinent art.
4. Considering objective evidence present in the application indicating obviousness or nonobviousness.

Claims 1-12 are rejected under 35 U.S.C. 103(a) as being unpatentable over Narayan (US 2004/0088245) in view of Dunlop (US 2002/0103754), as set forth in the previous Office Action, as set forth in the previous Office Action.

### ***Response to Arguments***

Applicant's arguments filed May 19, 2005 have been fully considered but they are not persuasive. The Applicant argues that Dunlop does not teach or suggest "said nominated bank at least one of paying, accepting, and negotiating said credit with

Art Unit: 3624

limited recourse to said issuing bank for discrepancies in said document". In response, Dunlop was incorporated as a teaching that a bank may participate as an advising bank, negotiation bank, or reimbursing bank. A bank may act as all of an advising, negotiation, and reimbursing bank or there may be several banks acting as one or more of an advising bank, negotiation bank, or reimbursing bank. Therefore, the Examiner is interpreting the combination of Narayan and Dunlop as reading onto the invention substantially as claimed.

### ***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
